Dear Sally:

RE: Scholarships for Students Interested in Majoring in Accounting

On behalf of the Trustees of The Educational Foundation of the Kansas Society of Certified Public Accountants, it is my pleasure to again announce the availability of accounting scholarships for Kansas high school seniors. These scholarships are awarded to 2009-10 high school seniors entering a Kansas college or university during the fall 2010 semester.

**A total of six thousand, eight hundred dollars (\$6,800) are awarded as follows:
one (1) each for \$1,300, \$900, \$800, \$700 and \$600, and; five (5) for \$500 each.**

Offered without regard to financial need, scholarships are awarded to students who:

- ✓ rank high in the ACT or SAT examinations,
- ✓ will attend a Kansas university or college,
- ✓ plan to major in accounting, and,
- ✓ possess demonstrated leadership activities.

ACT or SAT test scores must be submitted by a counselor, testing company, or a teacher. Students are also required to submit a completed questionnaire. Scholarship recipients are chosen from among qualified applicants by members of the KSCPA appointed by Foundation Trustees.

Interested students should ask their testing company, teacher, or counselor to send a copy of the student's ACT or SAT test scores (composite strips will do), together with verification of the student's home address, to KSCPA Educational Foundation, 100 SE 9th Street, Suite 502, Topeka, KS 66612.

The deadline for submission of test scores is March 9, 2010.

Once test scores are received, a questionnaire/short essay form is sent to the student.

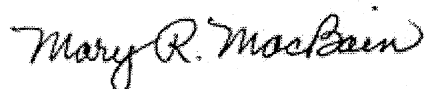

The deadline for submission of questionnaire/essay forms is April 20, 2010.

A colorful promotional poster, which may be copied, to display in a prominent place so that students interested in pursuing an accounting career are made aware of these scholarships is available. Further information about the scholarships and a .pdf of the poster and questionnaire/essay forms are available at <http://www.kscpa.org/scholarship.cfm>.

We invite you to review an innovative program developed by our national organization, the American Institute of CPAs. Our student members will contact you soon regarding StartHereGoPlaces. You can learn more at www.StartHereGoPlaces.com where there is a special section for teachers.

Thank you for promoting accounting education by informing your students about these scholarships. If you have questions about The Educational Foundation's high school scholarship program, please feel free to contact me at mary@kscpa.org, or by telephone at 785.272.4366.

Sincerely,

A handwritten signature in cursive script that reads "Mary R. MacBain".

Executive Director

Please note: A letter being sent to business and accounting teachers and you indicates that a transcript is required. **The transcript is not required; only test scores are required.**
